

# City of Imperial Beach Notice of Public Meeting

The City of Imperial Beach invites its citizens and interested parties to participate in an update to its General Plan/ Local Coastal Program (LCP). The City completed a Sea Level Rise (SLR) study in 2016 through a grant from the State Coastal Conservancy and the San Diego Foundation. The City obtained another grant from the California Coastal Commission to translate the SLR adaptation strategies and mitigation measures to reduce Greenhouse Gas (GHG) emissions (that would form the basis of a Climate Action Plan (CAP)) into LCP policies. The City hired the consulting firm of AECOM to assist the City with this project.

A Community Workshop was held at the Tijuana River National Estuarine Research Reserve Training Center (301 Caspian Way, Imperial Beach, CA 91932) on Thursday January 11, 2018 to obtain public comments on the draft set of amendments prepared by AECOM to the LCP that will form the basis of the revised Land Use Plan (LUP).

This month's meeting will be a Joint Study Session of the City Council, the Design Review Board, the Tidelands Advisory Committee, and the Parks and Recreation Committee to be held on Wednesday, February 14, 2018 from 6pm to 8pm at the Tijuana River National Estuarine Research Reserve Training Center (301 Caspian Way, Imperial Beach, CA 91932). Members of the Joint Session will review the proposed amendments along with any comments provided by the public at the Community Workshop. The public is welcome to attend this joint study session.

The draft LCP LUP is posted on the City's webpage link: [2018 RIB CAP/LCP/GP Update](#)

For questions, please contact Jim Nakagawa, City Planner, at [jnakagawa@imperialbeachca.gov](mailto:jnakagawa@imperialbeachca.gov) or 619-628-1355 or at the City of Imperial Beach, Community Development Department, 825 Imperial Beach Blvd., Imperial Beach, CA 91932, or Nancy Bragado, Principal Planner AECOM at [nancy.bragado@aecom.com](mailto:nancy.bragado@aecom.com) or at 619-610-7739.
